

## Gas heating turbine MHG GH 020

|                                  |                       |
|----------------------------------|-----------------------|
| <b>Drive type</b>                | Gas / Propane         |
| <b>Construction width</b>        | 0,28 m                |
| <b>Dead weight</b>               | 10 kg                 |
| <b>Transport position height</b> | 0,42 m                |
| <b>Performance</b>               | 14 - 23 kW            |
| <b>Transport position length</b> | 0,53 m                |
| <b>Tank</b>                      | External gas cylinder |
| <b>Blower capacity</b>           | 650 m³/h              |
